Meet your Physician
Marcelyn LePique, MD, OB/GYN

Obstetrics
Gynecology
Pre-Conception Care
Menopause
Thyroid Health
Birth Control
Fertility
Genetic Testing
Women's Health Care

Dr. LePique grew up in St. Louis, Missouri and went to college in St. Louis at Washington University on a full scholarship. She attended medical school at the University of Colorado, receiving her MD in 1986. She did her residency at St. Joseph Hospital in Milwaukee Wisconsin where she delivered LOTS of babies (over 10,000 to date)! Dr. LePique practiced for 10 years in Alaska, where she was Chair of the OB/GYN Department, Chair of the OB Risk Management Committee, and also a Clinical Professor at the University of Washington School of Medicine. Dr. LePique is a Fellow of the American College of Obstetricians and Gynecologists, and has been Board Certified since 1993.

Dr. LePique loves pregnant women, and pregnant dogs. She has been a breeder of Golden Retrievers since 1980. When she is not delivering babies or puppies she likes to spend time with her husband, train and hike with her dogs, and swim. She is also an avid reader and a St. Louis Cardinals baseball fan.

Nurse-Family Partnership

Becoming a mom for the first time can be a bit overwhelming. No joke – there’s a lot to learn. So imagine having your own personal nurse.

Nurse-Family Partnership can make that happen. First-time moms who are less than 29 weeks pregnant, meet income requirements, live in a service area are eligible for free help from a personal nurse who will come to your home to offer advice, support and a good laugh when you need it most through your pregnancy and until your baby is 2 years old.

If you wish to be referred to the Nurse-Family Partnership Program, please contact our office at 970.565.4291. This program is offered through the Montezuma County Public Health Department.

Nurse-Family Partnership is a non-profit that transforms the first thousand days of life for babies born to moms living in poverty across the United States. Beginning during pregnancy, and until the child is two, nurses visit moms at home to educate them on parenting, share resources, and perform health checks.

Congrats on your New Addition!

Thank you for choosing Southwest Medical Group for your healthcare throughout your pregnancy. We are thankful for you letting us take part in your care during this exciting time! In this packet you'll find "What to Expect When You're Expecting", a water pitcher that we recommend you fill 6-8 times per day, and additional information about our family birthing center and other helpful tips for your pregnancy! Please do not hesitate to call us with any questions you may have throughout your journey. We're here to help!

Warm Regards,
Dr. Smith, Dr. LePique, Dr. Schmitt, Dr. Daney, Dr. Cornelius, Shawna Frost, Melissa Churchill, and the Southwest Medical Group Team

36 Weeks: What's Next?

We'd love to show you around the family birthing center so you know what to expect when you arrive. Contact us at 970.564.2245 to schedule a tour or ask the front desk during your next scheduled clinic visit.

We are happy to schedule an appointment for you to meet your child's future pediatrician. Before you leave your 36 week appointment, ask the front desk to schedule your "meet and greet" so you know who will be taking care of baby when it's time!
